# ARAMSCO XPRESS NOTICE: SHIPPING, RETURNS, SHIPMENT DAMAGES, PRICES

SHIPPING Orders that are in stock will ship as soon as possible. Any items back-ordered will ship when available unless otherwise instructed. Large items that cannot ship via UPS will ship via a third party carrier and may not qualify for free freight. The carrier selected will be a third party with an affiliation with Aramsco. We prepay and add third party freight charges to your invoice. You may select a carrier of your choice, but you will be responsible for delivery costs directly to the carrier. Aramsco will not be responsible for service failures, charges, insurance or ownership of product using third party carriers. RETURNS In the event you need to return an item, please contact our customer service department for an authorization number. Returns must be in the original packaging. Returns must be made within 30 days of your purchase. Custom or special order items are not returnable.

SHIPMENT DAMAGES In the event that your shipment is damaged in transit, please report the damage to the carrier driver. Damages should be reported on the freight bill. Keep the original packaging from this shipment.

PRICES All prices are subject to change without prior notice. Buyer will be invoiced at the prices in effect at the time of shipment. All taxes, transportation costs, duties and other charges are in addition to listed prices. Contact Aramsco for current prices and quantity discounts.

# CLEANING EQUIPMENT LVT CLEANING SYSTEM

**Xuxury** vinyl flooring deserves

Luxury Vinyl Tile (LVT) is the fastest growing segment of the flooring industry and is becoming increasingly popular in both the commercial and residential markets. The Viper LVT System is the perfect way to clean and maintain, or even restore LVT. The cleaning and care of LVT is a definite need among consumers and is a lucrative service for cleaning contractors. This brochure walks you through the process of restoring and maintaining Luxury Vinyl Tile.

# **LVT Cleaner**

Viper LVT Cleaner is designed specifically for use on luxury vinyl tile (LVT) and other flexible vinyl flooring. Viper LVT Cleaner works exceptionally well as a maintenance cleaner, or as a restorative cleaner when run through micro scrubbers as part of an extraction cleaning process. When used correctly, Viper LVT Cleaner is an ideal surface preparation product for use prior to application of LVT coatings.

Viper LVT Coating is a durable finish applied to luxury vinyl manufactured flooring. This product will revive the original appearance and renew or even strengthen the original protection, which will improve the performance and prolong the life of your investment.

- Translucent, low sheen makes for easy maintenance
- Covers approximately 800 1,000 sq ft per quart, depending on flooring texture & porosity
- Simple application process
- Highly resistant to scratching
- Easy to apply & Fast drying

# **Wood Floor Preservation and Why You Should be Doing It**

People often think of wood floor maintenance in the extremes. It's either extremely easy to clean, just a simple pass of the microfiber mop, or it's extremely time consuming; tedious sanding and recoating with plenty of room for the beginner to error. In those extremes, it can be difficult for a carpet cleaner to find where he fits as a problem solver for his customer. The customer is certainly not going to pay you \$100/hr. to run a Swiffer on their floor, and you don't feel comfortable sanding and recoating their precious 100 year old wood floors.

There is a 3rd option. A deep clean and recoating that will make the floor look new, or almost new, and it's something the customer isn't going to do themselves. As a problem solver, you can explain to your customer that rather than go through the awfully messy and expensive full sanding and recoat, their wood floors can be deep cleaned and recoated to make them really pop. This "hardwood floor rejuvenation" is incredibly easy to learn, profitable and helps your customer solve the problem of dull wood floors without breaking the bank.

# **Benefits of the Hydro-Force Wood Preservation System**

- Dustless (no sanding)
- low odor
- Convenient (customer can walk on their floors after a couple hours) • Low risk and requires very little training (give it a go on your floor, or better yet, on your mother-in-law's floor).
- Fast

# Wood Fresh Hardwood Cleaner

# CLEANING EQUIPMENT TILE & GROUT CLEANING

# **Professional Tile and Grout Cleaning Package**

# Kit Incudes:

Nautilus 1200 psi Extractor • SX-12 Rotary Tile Tool - New Style • Gekko Wand • Gekko Squeegee Head • Gekko Brush Head • Gekko 4" Single Jet Head • SX-7 Hand Tool SX-7 Hose Kit • Gekko Hand Tool • Premium Grout Brush • Grout Demon Brush • Metal Handle for Grout Brushes • Viper Venom Gallon • Viper Venom II Gallon Viper Renew • Viper Grout and Concrete Sealer • TWBS 3 Gallon Pump Sprayer • HydroForce 3 Gallon Plastic Sprayer

# **Viper Venom II**

An improvement upon its predecessor, newly formulated Viper Venom II is the latest innovation in tile and grout cleaning. By utilizing the latest science in surfactant technology, Viper Venom II is able to more effectively penetrate and emulsify oily soils—and you will cut down on exhausting scrubbing. Viper Venom II blends ingredients proven to be effective on a range of oils and dirt, and includes special additives that suspend soils so that they can be easily rinsed away.

ltem	Description	Price
1656-7024	Viper Venom li Tile & Grout Cleaner, 1 gal	\$29.21

# **Viper Venom**

Viper Venom is used as a pre-treatment spray on grout and tile to loosen and emulsify soils and stains, and to facilitate soil removal using the SX-12 or SX-15 Grout and Tile Tool. Viper Venom is also effective for general floor cleaning and upkeep, wall cleaning, and other general hard surface cleaning. Viper Venom, with its hard-hitting blend of builders, solvents, and surfactants, is also ideally suited for fire restoration.

A ramsco

ltem	Description	Price
A70618	Viper Venom Tile & Grout Cleaner, 1 gal	\$29.23
1613-0890	Viper Venom Tile & Grout Cleaner, 5 gal	\$134.44

# **Viper Renew**

It works on the acid side of the pH scale removing soils and stains on grout, tile and stone that have been neglected for years. Viper Renew actually removes a very thin layer of grout, taking with it all hard water deposits, soap scum and efflorescence. The proprietary organic salt in Viper Renew is twice as effective as phosphoric acid at dissolving calcium carbonate, and without the unpleasant fumes. Keep a gallon of Viper Renew on your truck so you'll be prepared for even the most extreme tile and grout cleaning situation.

	Mand Surface Core Solution	
ltem	Description	Price
1636-0582	Viper Renew Acidic Tile & Grout Restorer	\$40.39

# **Viper Stone Perfect**

Viper Stone Perfect is a high-powered cleaning agent for restoration cleaning of natural stone such as marble, granite, limestone, travertine, slate and sandstone.

When used as directed, Viper Stone Perfect is safe to use on stone and will not damage surfaces, as it powers its way through grease, oil, spills, and soiling.

ltem	Description	Price
2690-0631	Viper Stone Perfect	\$32.64

# Viper Grout & Concrete Sealer

This grout sealer utilizes a unique new formula to achieve all the benefits of solvent-based grout sealers in a water-based product. It resists soils, stains, chemical degradation, biological growth and even efflorescence and offers excellent oil and water repellency and hold-out. And yet, grout sealer is vapor permeable so it lets water vapor out but doesn't let liquid water in.

This is a very affordable product that is outstanding on grout and can also be used on any porous tile such as quarry or Saltillo. It provides exceptional protection at a price point you and your customers will love.

ltem	Description	Price
1680-2112	Viper Grout & Concrete Sealer CH05GL, 1 gal. (ea)	\$75.70

# **Viper Resuscitate**

Viper Resuscitate is a professional strength, acidic product specifically formulated for use in bathrooms and shower stalls, or on countertops that do not respond to other cleaning agents.

Viper Resuscitate cleans away hard water spots and deposits, grout haze, soap scum, and efflorescence. It renews the appearance of ceramic tile, porcelain tile, grout, granite, slate, and sandstone. It emits fewer vapors than typical acid cleaners especially used with a foaming sprayer. Viper Resuscitate is used when all other cleaners have failed and is a safer alternative than other aggressive acids.

ltem	Description	Price
2691-0632	Viper Resuscitate	\$40.15

# Viper Prestige Impregnating Sealer Water Base & Solvent Base

Viper Prestige is a water-based or solvent-based impregnating sealer that slows down the penetration of liquid and especially oils, yet water vapor permeable to allow moisture in the substrate to evaporate.

- Fluoro-chemical technology provides maximum protection against spots and spills
- Protects without affecting slip resistance
- Preserves the natural look of stone and can be applied to interior surfaces
- Ideal sealer for prestigious stones like marble, granite, limestone, and travertine.

ltem	Description	Price
1687-7247	Viper Prestige Impregnating Water Base Sealer Gl	\$113.46
1688-7248	Viper Prestige Impregnating Solvent Base Sealer Qt	\$40.67

# **Rokan Electric Vacuum** Reel

With a push of the button, the electric motor guickly winds up the hose, saving time and effort.

All reels are pre-drilled to accept a solution reel and are fully compatible with all of our hose reel accessories.

Item Description		Price
1603-1433	Rokan 300' Electric Vacuum Reel	\$1,650.77
1677-0190	Rokan 250' Electric Vacuum Reel	\$1,650.77

# **Rokan Solution Reel**

REEL ONLY. This heavy-duty storage reel makes hose handling a cinch. Finished with a rust-proof black paint, the strongly welded steel will give years of everyday use. Includes easy roll nylon bearings, and positive stop latch on the vac hose reel.

ltem	Description	Price
1679-0495	Rokan Medium Solution Reel	\$147.69
1656-0195	Rokan Large Solution Reel	\$155.38

# **AP36 Flojet Bladder System Fresh Water Booster Pump**

This unit is used to transfer water from a fresh water tank to any machine. The bladder collapses under the pump pressure and then feeds that pressure back to the machine. This keeps the pump from running as often, and eliminates constant cycling that is normally seen with a pump on its own.

ltem	Description	Price
1664-0690	AP36 Flojet Bladder System Fresh Water Booster Pump	\$530.78

# Sapphire Auto Waste Pump Out System

Save time on jobs with this fast-flow automatic pump-out (APO) system and avoid stopping and starting over and over to drain your waste tank. New improved impeller pump requires less maintenance, with no diaphragm to get easily clogged. The float-activated system automatically pumps waste water into any suitable drain connected to a sanitary sewer system, for true continuous cleaning.

ltem	Description	Price
2658-2256	Sapphire Auto Waste Pump Out System	\$2,204.10

800.767.6933

CLEANCO

Designed and built for the professional flood restoration contractor, this machine is all about water removal! With a 32.5 HP liquid cooled engine and 455 CFM, this powerhouse is dual wand capable for when all hands on deck are needed. The TM FLOODMASTER gets the water out fast so the drying and restoring can begin.

# **FEATURES:**

- Stainless steel powder coated tubularframe construction
- Kubota WG 972, 32.5 HP liquid cooledengine
- Tuthill 4007 positive displacementvacuum blower, up to 455 CFM at 13Hg
- Pre-wired APO & accessories switches
- Vacuum gauge, hour meter & tachometer
- 90 Gallon Recovery waste tank with autoshut-off
- Dual Wand Capability
- Installation Kit & Battery Box
- Vacuum hose and extraction tool(s) sold separately

# Don't forget air movers, dehus, meters, etc. Whatever you need for water restoration, Aramsco has you covered.

# CLEANING EQUIPMENT UV LIGHTS AND PET URINE STAINS

# What Makes Urine Glow Even After Cleaning?

Does this sound familiar? You've used your UV or black light to identify pet urine stains on your client's carpet. You have treated them, and there is no longer a visible stain or any odor. Yet, under the UV light, the spots continue to glow. When you return to this home in the future, will you be able to distinguish new stains from spots that you have already treated but can still be seen under black light?

What if the homeowner looks at the carpet under UV light? Will they think that you failed to remove the stains? Is it possible to remove all traces of fluorescence even under a black light?

# Two Elements of Stains that Glow or Fluoresce are Proteins and Alkaline Salts

It takes very little protein to cause a glow under UV light. Maybe you have seen one of those CSI shows where they put on amber glasses and use the ALS (Alternate light source) to find the tiniest speck of blood or some other body fluid that includes protein. If you use a urine pretreatment and flush with a water claw extraction tool to dissolve the salts you will correct the issue but not remove the glow. For urine deposits that have penetrated into the backing or that may even reach into the cushion (pad) or floor below the carpet, use a powdered oxidizer according to the label directions to achieve ideal results. Clean lighter stains that are primarily on the face yarns with an alkaline pre-spray appropriate for the carpet to dissolve the proteins and rinse with an acid to neutralize and extract the alkaline salts. Salt and protein are dissolved in your cleaning water and evenly distributed. Even if you remove 80% of the soil and cleaning solution (a very high percentage) you are leaving more than enough protein and salt behind to cause the glow.

# Helpful hints to further reduce but not eliminate the fluorescence.

**1)** Flood with as much water as possible. This dilutes the proteins and salts in the wastewater. The Water Claw tool will assure water removal.

For items like rugs and cushions, you can apply the acidic urine pre-treatment and the water to the front at the same time you are using the spotting tool to remove the water and soiling material from the backside.

**2)** Remove as much of the water (plus soil and everything else that is in it) by extraction. Any water that dries by evaporation, either naturally or with an air mover, will leave all the impurities behind on the carpet.

# Conclusion

The additional two steps listed above when used with top-quality products are the best you can do to reduce the glow of whatever is left behind. You can add a UV absorber to the glow spots to hide the fluorescence, but this can only be added during the next cleaning.

It is better for you to explain the reason for the fluorescence than to explain the additional glowing after your cleaning is hidden by someone's previous efforts.

**PC-15** 

ramsco

# SX-12 Hard Surface Cleaning Tool

Toe-adjustable vacuum break to ensure you have the correct vacuum pressure.

Head creates laminar flow vortex leaving floors drier than ever before.

FAST

Aerodynamically engineered radial vacuum line creates a laminar-flow vortex in the cleaning head that allows the SX-12 to remove water twice as fast as competitive models. Toe-adjustable vacuum relief lets you adjust the suction strength on the fly. Low profile allows the unit to fit under toe kicks. Easy access inline filter makes cleaning the filter a snap.

# DURABLE

Quality components will handle operating pressures from 700 to 1,500 PSI so you can blast away oily deposits. Stainless steel handle and high-tech polymer casing will take a beating and ask for more.

# ERGONOMIC

Handles are spaced shoulder-width and allow you to use side-to-side or front-to-back cleaning strokes. Lightweight construction makes it feel like the machine is floating along the floor. Tool length is comfortable for users of all heights. Easy gliding on surfaces for low fatigue usage. Works on uneven stone or tile surfaces or smooth concrete.

- Works with front-to-back
   and side-to-side motion
- Light Weight

- 12" Cleaning path
- Simple 2 piece head & brush construction
- Adjustable vacuum relief.

# **ProForce Sentry Gloves**

Designed for protection of hands from cuts, scratches and abrasions when handling sharp and abrasive materials.

Work applications include demolition, construction, remediation, abatement, floor removal, metal stamping, and glass handling.

### Features

- 13-gauge gray speckled high performance HPPE shell for protection and greater cut resistance up to the wrist
- · Polyurethane palm coated for abrasion and cut resistance
- High dexterity and flexibility for comfort throughout the day
- · ANSI A3 cut level protection
- Breathable polyurethane coated helps keeps hands cool and dry throughout the day
- · Good performance in oily, wet, or dry applications
- Color coded wrist for easy size identification

# DuPont TY122S Tyvek® Coveralls

New comfort-fit coverall with zipper front, boots, elastic hood and wrists. Features and uses include:

- · Greater range of movement
- Improved mobility with more room throughout the back
- More tailored fit and better overall comfort
- Longer zipper extends to chin for complete coverage of neck area; provides easier donning and doffing
- · Elastic opening for tighter fit at wrist
- · Attached respirator-fit hood with elastic around face opening
- Reinforcement in high stress areas for few blowouts
- Excellent abrasion resistance; stops particles down to one micron

FF-1 Uncorded Firmfit Earplugs Single-use, soft for wear-time comfort. Easy insertion and slow recovery increases compliance, and warning-orange color eases checks. SNR 37dB in most medium-to-high noise environments.

Item #: 1629-1751 Description: FF-1 Uncorded Firmfit Earplugs, (200 pr/box) Price: \$32.43 (box)

# Novatek Air Machine, Novair 700, F0700

Remediation, air scrubbing, restoration, healthcare, and clean rooms are only a few applications for the new Novair 700 portable air filtration unit.

 More power: the most powerful impeller driven variable speed adjustment, capable of delivering 200-700 CFM and dramatically increases filter life.

Versatility: at home in applications ranging

from asbestos removal, restoration projects, airborne pathogens and medical uses. The quick-release intake door accepts MERV, carbon, and standard dust filters. Integrated nesting allows for the stacking of multiple machines.

- 16" x 16" x 3" high capacity HEPA filter.
- Low power requirements: Drawing only 3 amps, the 700 can be daisy chained up to three units. The built in GFCI outlets allow for safe and effective operation.

## EQUIPMENT & INSTRUMENTS DRYING | CLEANING EQUIPMENT

# Omni Dry™ Flexidry Wall Drying System

The all new Flexidry makes it faster and easier to dry wall cavities. The Flexidry comes with eight reinforced openings that are spaced 16'' apart to match stud cavities. The  $\frac{34''}{100}$  hose barbs and rubber hoses are user replaceable and can be customized to fit the particular drying situation.

One Flexidry covers an 8-foot section of wall and you can connect up to five Flexidry's for runs down long hallways or walls. The Flexidry can even bend around corners. The universal cinch-tight opening will accept any centrifugal airmover or E-TES. The cinch-tight opening uses industrial Velcro straps to cinch around the airmover opening, reducing airflow loss and keeping the Flexidry firmly locked in place.

Comes with a convenient carry bag for storage and transportation.

1690-0526	Omni Dry AC51 Wall Drying System (ea)	\$363.90

# Restoration Tools The Aerator AERP01

Invented and designed by experienced pros in the restoration industry, The Aerator is an innovative tool to improve and speed up the restoration process after a water–loss event.

The Aerator is designed for use in wall cavity drying. It creates a precise 5/8" hole in wet drywall leaving no debris to clean up. No longer back-breaking work, the process can be completed 15X faster than the traditional drill and vacuum.

What would normally take a technician an hour, they can now do in 5 minutes!

ltem	Description	Price

### EQUIPMENT & INSTRUMENTS ERS

# **OmniPro Multi-Function Moisture Meter**

# 

This meter is a series of moisture/humidity meters with built-in infrared (IR) temperature sensing. It is a powerful and versatile instrument for measuring and diagnosing dampness in buildings and building materials.

- Quickly indicates the moisture content of materials with pinless technology without damaging the surface; remote pin-type probe allows for moisture reading at different penetration levels (3ft./0.9m cable length)
- Easy-to-read, large dual display with backlit feature X Simultaneously displays moisture of wood or mater being tested and air temperature, IR temperature, or humidity
- IR design to measure non-contact surface temperature; 8:1 distance to spot ratio with 0.95 fixed emissivity
- · Built-in humidity/temperature probe measures relative humidity, air temperature plus grains per pound (GPP), and dew point (DP)
- Automatic calculation of differential temperature (IR - DP)
- Min/Max and Data Hold X Auto power off and low battery indication
- Memory function

### Viper Venom II Tile & Grout Cleaner

Viper Venom II blends ingredients proven to be effective on a range of oils and dirt, and includes special additives that suspend soils so that they can be easily rinsed away.

- · Odorless, Viper Venom II can be mixed with citrus boosters or other fragrances depending on the customer's preference.
- 270% increase in grease-cutting surfactants over Viper Venom. This results in improved cleaning power without having to rely on solvents.

### **Viper Renew**

When all other cleaners have failed, Viper Renew works on the acid side of the pH scale to remove soils and stains on grout and tile even if neglected for years. Viper Renew removes a very thin layer of grout removing hard water deposits, soap scum and efflorescence. Proprietary organi salt is twice as effective as phosphoric acid at dissolving calcium carbonate, without unpleasant fumes. A solution for the most extreme tile and grout cleaning situation.

A ramsco

**Products Subject to Availability** 

#### & SUPPLIE TOOLS POWER TOOLS AIR FILTERS

### **Carbon Pre-Filter for Syclone HEPA 400CFM Negative Air Machine**

The Syclone Carbon Prefilter is the smoke/odor solution you have been looking for. Used in conjunction with the standard filtration in the Syclone HEPA Air Scrubber Sentry X4. The Carbon Prefilter slips snuggly over the first stage filter retaining cage.

Made with premium high VOC adsorbing active carbon bonded to thick multi-density media at a dry carbon weight of 340 GSY. The multi-density design allows increased carbon coating and secondary dirt holding capability.

Unlike other carbon solutions, the filter remains pliable over the life of the filter and won't crack. Moreover, the design allows for a low initial pressure drop, extending the life of the prefilter.

ltem	Description	Price
2677-1612	Syclone Carbon Pre-Filter for 400 CFM Negative Air Machine, 5/Pk	\$161.50

### **Makita Angle Grinders**

Makita's SJS™ Angle Grinders combine 13-amp variable speed power with comfort and motor-protection features for longer-

lasting stone grinding and polishing performance.

Engineered with Makita's innovative SJS mechanical clutch system to protect the . gears for longer tool life.

- Powerful 13 AMP motor delivers more output and variable (2,800 - 10,500) • Electronic current limiter helps protect RPM
- SJS technology is a mechanical clutch Labyrinth construction seals and system that helps prevent motor and gear damage by allowing the drive shaft to slip if the wheel is forced to stop
- · Variable speed control dial enables user to match the speed to the application
- · Constant speed control automatically

ltem	Description	Price
1668-6750	Makita 9564CV 4-1/2" Angle Grinder (ea)	\$317.92
1661-6854	Makita 9566CV 6" Angle Grinder (ea)	\$360.00

## Scan to sign up for special deals via email or text

applies additional power to the motor to maintain speed under load

- Soft start suppresses start-up reaction for smooth start-ups and longer gear life
- the motor from overload
- protects the motor and bearings from dust and debris for longer tool life
- · Slide switch with lock-on setting for continuous use
- · "Tool-less" wheel guard for more convenient adjustments

Highest service life for extreme applications:

robust, powerful angle

grinder, with speed

control and greatest

more drive: the Metabo LongLife Motor with patented dust guard, up to 20% more high overload capacity and 50% more torgue

### **ZipWall Pass Through**

An efficient way to duct air through a ZipWall barrier for drying and restoration or for setting up negative air.

Resealable opening for passing a duct hose up to 14" in diameter through a ZipWall barrier. Mounts onto any ZipWall pole and supports the weight of any hose while maintaining the integrity of the barrier. A nylon fabric sleeve seals around the hose with a quick cinch. When the hose is removed, the sleeve can be cinched closed to completely seal the opening.

Pole and hose are not included.

ZIPWALL

ltem	Description	Price
2600-0125	Zipwall Pass Through for Duct Hose (ea)	\$107.65

### **Industrial Duty Clean-up Bags**

Perfect for commercial restoration and industrial cleanup. Large capacity for various types of waste. The 6 mil thickness is perfect for heavy waste with sharp edges that could puncture or tear ordinary, thin garbage bags.

- Extra heavy duty for the most demanding jobs
- Thick 6 mil clear poly
- Puncture and tear resistant
- 44 gallon size
- Perforated rolls

ltem	Description	Price
56187	Industrial Duty Clean-Up Bags, 33"x 50", 6 mil, Clear (75/roll)	\$101.02

### Asbestos-Containing Material (ACM) Clean-Up Bags
