Taking Care of Mold Stains

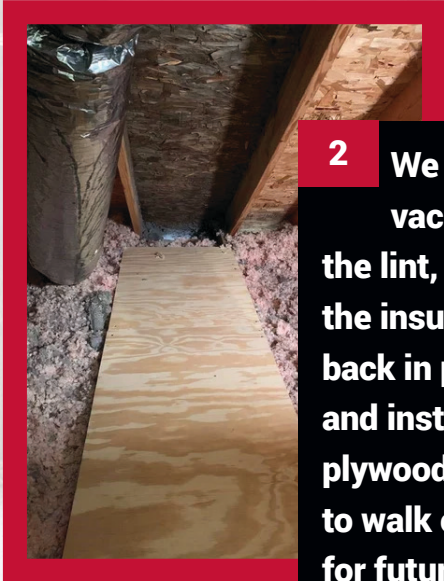

by Ron Colling, Product Category Manager, Aramsco

The house we cleaned in the pictures below was about 20 years old. An issue with poor installation caused the soffit to become blocked, trapping moisture and lint in the area between two trusses.

1 This is the mold that showed after clearing the soffit.

2 We then vacuumed the lint, put the insulation back in place, and installed plywood to walk on for future maintenance.

3 To clean the roof sheathing, we sprayed **OmniPro On & Gone Mold Stain Remover** on the surface.

How did it turn out?
(See inside back cover)

ARAMSCO XPRESS NOTICE: SHIPPING, RETURNS, SHIPMENT DAMAGES, PRICES

SHIPPING Orders that are in stock will ship as soon as possible. Any items back-ordered will ship when available unless otherwise instructed. Large items that cannot ship via UPS will ship via a third party carrier and may not qualify for free freight. The carrier selected will be a third party with an affiliation with Aramsco. We prepay and add third party freight charges to your invoice. You may select a carrier of your choice, but you will be responsible for delivery costs directly to the carrier. Aramsco will not be responsible for service failures, charges, insurance or ownership of product using third party carriers.

RETURNS In the event you need to return an item, please contact our customer service department for an authorization number. Returns must be in the original packaging. Returns must be made within 30 days of your purchase. Custom or special order items are not returnable.

SHIPMENT DAMAGES In the event that your shipment is damaged in transit, please report the damage to the carrier driver. Damages should be reported on the freight bill. Keep the original packaging from this shipment.

PRICES All prices are subject to change without prior notice. Buyer will be invoiced at the prices in effect at the time of shipment. All taxes, transportation costs, duties and other charges are in addition to listed prices. **Contact Aramsco for current prices and quantity discounts.**

Syclone Carbon Pre-Filter HEPA 400CFM

The Syclone Carbon Prefilter is the smoke/odor solution you have been looking for.

Used in conjunction with the standard filtration in the Syclone HEPA Air Scrubber Sentry X4. The Carbon Prefilter slips snugly over the first stage filter retaining cage.

Made with premium high VOC absorbing active carbon bonded to thick multi-density media at a dry carbon weight of 340 GSY. The multi-density design allows increased carbon coating and secondary dirt holding capability.

Unlike other carbon solutions, the filter remains pliable over the life of the filter and won't crack. Moreover, the design allows for a low initial pressure drop, extending the life of the prefilter.

Phoenix™ R500 Compact HEPA System

PHOENIX

The Guardian® delivers a maximum 500 CFM of HEPA filtered air while drawing less than two amps of power. Perfect for a variety of remediation projects where space and power are at a premium. Provides four air changes per hour (the recommended minimum) on a 7500 cubic foot room (more than 30 x 30 x 8 ft).

- Compact design
- Variable speed flow
- Multiple ducting option
- Tough, rotomold cabinet
- Optional carbon and potassium permanganate blend filter
- On board duplex GFCI and circuit breaker
- Large horizontal inlet maximizes capture zone
- 30% more filter media maximizes filter life
- True HEPA filtration with 2-stage filtration design

Novatek F0700 Novair 700 HEPA Filtered Air Machine

Remediation, air scrubbing, restoration, healthcare, and clean rooms are only a few applications.

- More power: the most powerful impeller-driven variable speed adjustment, capable of delivering 200-700 CFM to dramatically increase filter life.
- Versatility: asbestos removal, restoration projects, airborne pathogens and medical uses. Tri gasketing and HEPA filter sealing flange guarantee leak proof operation. Quick release intake door accepts MERV, carbon, and standard dust filters. Integrated nesting allows stacking of multiple machines. Built-in GFCI outlet or connecting multiple equipment up to 15 amps.
- Dent proof, leak proof and virtually indestructible heavy duty roto molded polyethylene shell
- Standard filters: 16" x 16" x 3" high-capacity HEPA filter.
- Low 3 amp power draw, in daisy-chaining up to three units. Built in GFCI outlets allow for safe and effective operation. Design ideal for virtually any application.
- Standard "Lay flat" or flex ducting: 10 to 12 inch vacuum ports allows for maximum airflow with little restriction.

Power cords are not included.

Item	Description	Price
1686-2979	Novatek F0700 Novair 700 HEPA Filtered Air Machine	\$1,195.00

Syclone Black CFM Negative Air Machine

Designed for indoor use and to provide the most efficient air filtration with three stages of filtration, including a stage with HEPA (High Efficiency Particulate Air) filtration, that can remove 99.97% of particles 0.3 micron or larger from the airstream.

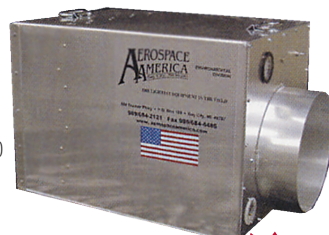

The first pre-filter stage removes large particles of 10 microns and larger from the air flowing through the unit, thereby preventing premature loading of the second stage and HEPA filters. The second stage filter (Ring Panel Filter) removes particles that are 1 micron and larger from the air flowing through the unit, thereby protecting the more expensive, HEPA filter. The third stage filter (HEPA) removes smaller contaminated particles up to 0.3 micron from the air flowing through the unit and has an efficiency rating of 99.97%.

Item #	Description	Price
1652-7968	Syclone Black CFM Negative Air Machine (ea)	\$998.92

**Aerospace Aeroclean 600 Mag Negative Air Machine with Filters**

When you need a high-quality, durable, negative air machine, look no further than the winner of the 2004 Air Scrubber Of The Year award, the Aeroclean 600 Mag, which provides almost 700 C.F.M. on high speed and can be handled by a single person. This bargain filtration device is made of aircraft grade aluminum for reduced weight.

- Slide Down Door for E-Z Accessibility
- Four (4) Rubber Feet
- High and Low Speed Modes
- Made in the U.S.A.

NEW!

Dri-Eaz, HEPA 700 Filter, DOP Synthetic, 21" X 19" X 3.6

Designed specifically for the HEPA 700, these pre-filters and HEPA primary filter ensure the highest air filtration efficiency. With its standard 2-inch pre-filter and primary HEPA filter media, the HEPA 700 removes dust, mold and other particulates and passes the stringent DOP air filtration tests often required.

The optional activated carbon filter with a 1-inch pre-filter and HEPA filter will remove odors, fumes and smoke--especially helpful in wildfire-prone areas.

- HEPA 700 Command Hub displays the percent of life remaining on primary filter to help anticipate when it will require changing.
- Filters are designed to be replaced after use to prevent cross-contamination. (Do not clean and reuse.)
- Fast and easy filter changes - no tools required!

Item	Description	Price
2617-2357	Dri-Eaz, HEPA 700 Filter, DOP Synthetic, 21" X 19" X 3.6" (ea)	\$204.25

Dri-Eaz Velo Air Mover

The Velo's broad path high velocity airflow drives amazing results, from an air mover that's half the height of snail shell units and draws just 1.9 amps.

55493	XPower Pressurized Wall Cavity Dryer (ea)	\$2,221.00

OmniDry Low Profile Air Mover

This low profile air mover fits into small spaces, and can be stacked to bring the full drying power you need for floors and carpets. The low amp circuits prevent overloads and breaker popping.

The OmniDry Low Profile Air Mover is a professional solution for flood remediation and commercial carpet cleaning.

- Two-Speeds
- Easily Stacks for Storage
- 2.2 Amps
- Daisy Chainable
- Multiple Position Options
- One Year Warranty

Item	Description	Price
1694-9339	OmniDry Blue Low Profile Air Mover 2.2amp 2 Speed	\$227.72
1695-9330	OmniDry Red Low Profile Air Mover 2.2amp 2 Speed	\$227.72

Water Claw Flood Extractor

Water Claw's quick and easy flood extraction gives speed, performance and profitability for most flood jobs *without* removing carpet and pad.

Can be used for black water floods, allowing easier removal and carry-out of arpet and pad.

- Telescoping handle easily adjusts
- Perfect for use with portables. New sturdy hose flange accepts 1½" hosecuffs (same size as deluxe small)
- Clear acrylic top plate for viewing extraction results
- Vacuum release to prevent suction lock-down when stronger vacuum systems are used
- Angled metal vacuum flange helps keep hose out of the way and accepts 1" or 2" hose cuffs
- Upright handle adjusts to variable heights and detaches for easy storage

- All metal parts are stainless steel, zinc coated, or powder coated
- Polymer materials are impervious to water
- Clear acrylic top plate is highly resistant to chemical damage

Item	Description	Price
1697-4180	Deluxe Medium Unit, with Carrying Bag, 10" x 17" (ea)	\$603.92
1699-4182	Deluxe Large Unit, with Carrying Bag, 12" x 21" (ea)	\$690.45

KleenRite MEGA Extractor

Two-inch intake throughout provides maximum CFM for use with power carpet extraction units, or operating with the optional Flood Wand. Automatic discharge is included. Pump-out unit lifts out for easy cleaning. Includes 25' of 2" vacuum hose.

KLEENRITE

Additional vacuum hose is optional.

Item	Description	Price
54619	KleenRite MEGA 3-Stage Extractor (ea)	\$2,751.02
1685-5114	KleenRite 36306 MEGA-XL Flood Pumper (ea)	\$3,795.00
54630	2" S-Bend Extractor Wand (ea)	\$320.00

Water Claw Flash Extractor II

High impact resistant plastic base comes with a non-slip textured coating to ensure safe use even while wet.

- Flexible telescoping handle allows the operator to work in tighter places
- Light weight reduces operator fatigue
- No vacuum release is necessary due to the ridges incorporated in the design to optimize airflow and suction
- In comparative lab testing it left considerably less water, as much as 35% less compared to other tools
- The Flash Extractor can even be used to evacuate water from black water flood

Item	Description	Price
1698-4181	Water Claw Flash Extractor with Carrying Bag (ea)	\$478.76

Dri-Eaz HVE 3000

- Easiest cleanout filter
- A high flow, high volume clog-resistant sump pump
- Handles up to 1/2" solids
- Rugged construction; Roto-molded housing resists dings and scratches

Item	Description	Price
1645-0809	Dri-Eaz HVE 3000 (ea)	\$4,194.00
1666-0437	Dri-Eaz FS11 Wand (ea)	\$851.00

Olympus Portable Extractors

Olympus Portable Extractors have set the standard in performance and reliability for over two decades. These units are available in various models that will suit any contractors needs in regards to pressure pump, vacuum motors and heat. The unique design of the mold as well as vacuum exhaust allows the Olympus units to run cooler and quieter than competitive models.

- Dual 2-stage or dual 3-stage vac motor options available
- Can order with or without wand and hose kit
- 12 gal capacity in solution and waste tanks
- Top mounted controls
- Pigtail power cord design

**Syclone XL LGR
Dehumidifier with Filter**

The Syclone XL LGR has unique factors that every contractor should know about:

- Billed under the XL category when working with insurance companies because it is designed for large flood jobs.
- A quiet machine. With an average operating noise of 53 decibels, the machine is no louder than a household refrigerator
- Can be wheeled in to every job, and has handles that make it easy to transport and store on your van.
- Has extreme dew point technology. This is an optimal sensor technology that responds to the conditions going on to speed up or slow down the airflow. This optimizes the capture of water.
- In the XL Dehumidifier category for Xactimate pricing based on pints per day (PPD) of water removal at the manufacturer's AHAM rating. At 125 pints per day removal at AHAM, it is at the lower end of this category.
- Incredibly easy to maintain. There are only four bolts that need to be removed to reach the guts of the machine.

You want a dehumidifier that you can monitor from a distance. Syclone makes this easy with its command hub feature.

Item	Description	Price
1671-7670	Syclone XL LGR Dehumidifier with Filter, Red (ea)	\$3,148.52
1629-8515	Syclone XL LGR Dehumidifier with Filter, Blue(ea)	\$3,148.52

**Phoenix™ Red DryMAX XL Pro
Dehumidifier**

The Phoenix DryMAX XL Pro is the solution to the one common issue with horizontal dehumidifiers: the difficulty of moving them up and down stairs. The unit features a unique two-position handle that can be adjusted to a 42" position for flat ground maneuvering, and a 50" position to make it even easier to transport the unit up and down stairs than upright dehumidifiers.

Additionally, the handle can be used like a dolly. Our AirMAX, AirMAX BLE, and Focus II air movers can be securely transported with the DryMAX XL Pro as they interlock with the top of the unit.

This dehumidifier is our most advanced model, equipped with onboard USB power for our DryPHONE, enabling remote monitoring. You can add two AA batteries to the display board to establish a connection to the DryLINK Asset Manager, even when the unit is unplugged.

This eliminates the need to purchase an asset tracking beacon. Moreover, it logs the inlet and outlet temperature and relative humidity readings 96 times per day and can store 30 days' worth of readings.

- Onboard USB to power DryPHONE for remote monitoring
- Built in Bluetooth - data logging of temperature relative humidity inlet and outlet
- Add two AA batteries for built-in connection to DryLINK Asset Manager (no tag needed)
- DryLINK enabled

Item	Description	Price
2632-6254	Phoenix 4043000 Red DryMAX XI Pro Dehumidifier	\$3,449.00

55328	Injectidry UAA1 Direct-It In Universal Airmover Adaptor (ea)	\$738.00

Injectidry Floor Drying System

The HP60 comes complete with Hose, Panels, Panel T's, and Carry Bags.

F287 Rescue Mat Panel Kit

Additional floor drying mats for the Rescue Mat System. Kit includes two sizes of mats for maximum setup flexibility. Installation is fast and easy – just one simple hose connection per mat. Reusable foam gasket edges provide a powerful seal and eliminate the need for taping down mats.

Item	Description	Price
55701	Injectidry HP60FDP Floor Drying System (ea)	\$5,496.00
A43639	F287 Rescue Mat Panel Kit, (4) 46" x 30", (2) 23" x 30" Per Kit (ea)	\$665.00

Injectidry®
SYSTEMS, INC.

Injectidry MP Multi-Port 46" X 30" Panels

Simplify the set-up process and significantly reduce your labor costs. After extracting excess water, simply tape around the edges, hook up the tubes (or hoses to manifolds), then hoses to the air in (negative pressure) port of your HP system, and turn the system on.

For safer drying use with the interceptor HEPA system. Use to dry all sorts of wet materials, such as hardwood, headers, and plaster walls. (Taping the edges is the only way to ensure a consistently good seal and minimize the trip hazard).

Item	Description	Price
55708	Injectidry MP Multi-Port 46" X 30" Panels (ea)	\$789.00

Injectidry HP PLUS Floor Drying Package

The HP-PLUS Package is designed specifically for floors. The set-up is extremely quick, easy and efficient for your typical floor drying needs. Several decibels quieter than even the quiet HP60, no breaker tripping on startup, consistent pressure with no need for pressure relief valves.

Item	Description	Price
55719	Injectidry HP Plus High Pressure Floor Drying Package (ea)	\$5,492.00

Injectidry®
SYSTEMS, INC.

Dri-Eaz Dri-Force InterAir Drying System

Dry hard-to-reach areas and complex assemblies fast. Draw moist air out or direct high-pressure air into hard-to-reach structures and dry them quickly and with minimal disruption. Make quarter-inch holes behind baseboards or kick plates to dry interior spaces and complex assemblies.

Item	Description	Price
A32842	Dri-Eaz Dri-Force InterAir Drying System (ea)	\$3,207.00

OmniDry Flexidry Wall Drying System

The Flexidry makes it faster and easier to dry wall cavities.

The Flexidry comes with eight reinforced openings that are spaced 16" apart to match stud cavities. The 3/4" hose barbs and rubber hoses are user replaceable, and can be customized to fit the particular drying situation. One Flexidry covers an 8-foot section of wall, and you can connect up to five Flexidry's for runs down long hallways or walls. The Flexidry can even bend around corners. The universal cinch-tight opening will accept any centrifugal air mover or E-TES. The cinch-tight opening uses industrial hook 'n loop' straps to cinch around the air mover opening, reducing airflow loss and keeping the Flexidry firmly locked in place. Comes with a convenient carry bag for storage and transportation.

- Faster wall cavity drying time
- Bends around corners
- Replaceable/customizable hoses
- Universal fit

Item	Description	Price
1690-0526	OmniDry AC514 Flexidry Wall Drying System (ea)	\$393.04

Restoration Tools The Aerator AERP01

Invented and designed by experienced pros in the restoration industry, The Aerator is an innovative tool to improve and speed-up the restoration process after a water-loss event.

The Aerator is designed for use in wall cavity drying. It creates a precise 5/8" hole in wet drywall leaving no debris to clean up. No longer back-breaking work, the process can be completed 15X faster than the traditional drill and vacuum.

What would normally take a technician an hour, they can now do in 5 minutes!

Item	Description	Price
1623-9840	Restoration Tools The Aerator AERP01 (ea)	\$349.00

Omniguard Cellular Differential Pressure Recorder

Designed to be the most reliable long term monitoring recorder in the field. The Omniguard offers compact design, ease-of-use and durability that will last from job to job.

The clear choice for monitoring and documenting vacuum and pressure in a containment area. Ideal for asbestos, lead and mold abatement, and clean room monitoring. The Omniguard utilizes state of the art pressure measurement technology to accurately monitor pressure inside a containment area.

Item	Description	Price
1643-7624	Omniguard Cellular Differential Pressure Recorder (ea)	\$2,076.55

Protimeter SurveyMaster Moisture Meter

Dual mode moisture meter with two modes of operation-search and measure, allowing rapid assessment of building moisture.

- Rugged construction
- Pin moisture measurement
- Large backlit display

1611-0468	Protimeter Bld5365 SurveyMaster Moisture Meter (Ea)	\$705.00

Dri-Eaz WetChec Moisture Meter

Build customer confidence and promote your business.

Give a WetChec to adjusters and customers to help them understand what's wet and what's dry. You can personalize it with your business information and hand it out to referral sources – it's much more memorable than a business card!

- Quick moisture check' audible signal when moisture exceeds 17%
- Makes a memorable gift to clients and customers

Item	Description	Price
44153	Dri-Eaz WetChec Moisture Meter (ea)	\$40.90

Delmhorst Analog Moisture Meter BD-10/CS

Easy to operate and easy to read, the BD-10 measures moisture in wood and other non-wood building materials. For those who prefer an analog display, the BD-10 is a great alternative to the digital BD-2100. The BD-10 is a great entry level meter and is ready to go with a single button press.

- Easy-to-read analog display
- Wood scale: 6 to 40% moisture range
- Reference scale: reads from 0 to 100 on a relative basis
- Built-in calibration check
- Integral contact pins
- Built-in connector accepts any Delmhorst electrode
- Rugged construction
- Sturdy plastic carrying case

OmniPro M-18 Multi-Function Moisture Meter

This meter is a series of moisture/humidity meters with built-in infrared (IR) temperature sensing. It is a powerful and versatile instrument for measuring and diagnosing dampness in buildings and building materials.

Item	Description	Price
1631-6527	OmniPro M18-400 Multi-Function Moisture Meter (ea)	\$479.00
1632-6528	OmniPro M18-410 Accessory Kit & Case (ea)	\$399.00

OmniPro H16-100 Mini Hygrometer

- Digital humidity and temperature measurement
- Compact probe size
- Dew point & wet bulb temperature measurement (H16-200 only)
- Digital backlit display

Item	Description	Price
1603-5646	OmniPro H16-100 Mini Hygrometer (ea)	\$63.95

OmniPro Pocket Moisture Meter

An excellent moisture meter for wood and building material. Use to measure the moisture level in sawn timber (also cardboard, paper) and hardened materials (plaster, concrete and mortar). It displays the moisture level in the material straightaway.

Item	Description	Price
2664-2708	OmniPro Pocket Moisture Meter, Blue (ea)	\$25.24

Delmhorst BDX-30

The powerful BDX-30 has the design elements and functionality of the BDX-20, and introduces Bluetooth integration. Enhances your ability to ensure precise readings from anywhere and export data including geotags and timestamps. Brings today's technology from the field to the office, making the most challenging project easier, more efficient, and most accurate.

- Delmhorst EDGE app with Bluetooth connectivity
- Large, custom display with auto backlight easy to read under all conditions.
- Download up to 15 into the meter out of 37 available

Item	Description	Price
2659-2826	Delmhorst, Moisture Meter With Case, BDX-30 (ea)	\$555.00
2650-2928	Delmhorst, Moisture Meter With Behind The Wall Package, BDX-30 (ea) Includes meter, 21-E electrode (3in penetration) and carrying case	\$660.00
2651-2929	Delmhorst, Moisture Meter With Wood Flooring, BDX-30 (ea) includes meter, 26-ES hammer electrode, extra pins and carrying case	\$710.00
2655-2923	Delmhorst, Moisture Meter With Contractors Package, BDX-30 (ea) includes meter, 26-ES (and extra pins) and 21-E electrodes, HP-1 hole punch, 608-001 (7in spares for 21-E), plug foam insert in case	\$905.00

OmniPro H16-200 Hygrometer with Temperature, RH% and Dewpoint

OmniPro hygrometers offer the restoration professional quality products with all the features needed to get the job done accurately. These compact meters with features like dew point and wet bulb temperature measurement and high accuracy backlit displays make these units ideal for field use.

- Digital humidity and temperature measurement
- Compact probe size
- Dew point & wet bulb temperature measurement
- Digital backlit displays

Item	Description	Price
1602-5645	OmniPro Hygrometer H16-200 with Temperature, RH% and Dewpoint (ea)	\$167.48

OmniPro M18-500 Restoration Multi Meter

This is a multi-function meter, with temperature and humidity detection, infrared temperature measurement, laser ranging, wood humidity measurement (probes and touch), flashlights, time settings, data recording and other functions. It is a powerful and versatile instrument for measuring and diagnosing humidity of building and building materials.

Item	Description	Price
1633-6529	OmniPro M18-500 Restoration Multi Meter Hygrometer (ea)	\$722.22

Delmhorst BDX-20

The BDX-20 is the newest in the legendary "BD Series" pin meters for the building trades. This rugged meter has an ergonomic design with an easy-grip handle and large tactile buttons for comfort and usability. Equipped with a custom, LCD display and intuitive user interface, users can quickly obtain accurate readings. The BDX-20 will ensure maximum performance and reliability on every job.

The BDX-20 includes 3 built-in measurement scales: Wood, Reference Scale and Drywall plus all the great features of the BDX-30. **It is not compatible with the EDGE app.**

- Large, custom display with auto backlight - easy to read under all conditions.
- 3 measurement scales: Wood (Douglas Fir); Drywall; Reference Scale
- Wood temperature correction
- Alarm set point - alerts to user-selected MC level
- On-screen readings statistics
- Internal calibration check
- Pins/electrode correction (insulated or non-insulated)
- Integral contact pins max 5/16" penetration (use 2498/A-100)
- Compatible with any Delmhorst external electrode.
- Color-coded LED's
- Sturdy plastic carrying case included
- Power 2x AA batteries Alkaline Energizer included
- "Low Batt" warning with audio
- Auto-off timer. Set to 1m, 4m or 10m
- QR code on meter for easy access to support materials
- Size: meter only - 8.65in (2.2mm) x 2.85in (72mm) x 1.55in (39mm); in carry case - 9.5in (241mm) x 6.5in (165mm) x 2.5in (64mm)
- Weight: meter only 0.45oz (1.3g); in carry case 18oz (510g)

Item	Description	Price
2650-2827	Delmhorst BDX-20 Moisture Meter with Case (ea)	\$450.00
2657-2824	Delmhorst BDX-20 Moisture Meter w/Behind The Wall Package (Meter, 21-E Electrode (3" Pin Penetration) and Case (ea)	\$555.00

Tramex WDIK-HA Water Damage Restoration Pro Kit With Hammer Probe

The Tramex Water Damage Restoration Pro Kit WDRPK-HA is a complete for moisture content and relative humidity testing and monitoring of ambient conditions, concrete, wood, tiles, drywall, plaster and numerous building materials. The kit features the Tramex Concrete Encounter CME5 moisture meter allowing for instant and precise non-destructive quantitative testing of concrete and comparative testing per ASTM F2659. The kit also features the multifunctional Moisture Encounter MEX5 digital moisture meter allowing for non-invasive testing of moisture conditions in numerous building materials such as drywall, wood, plaster, brick, ceramic tiles, resilient flooring, laminates and roofing. The MEX5 has a built-in hygrometer and infrared surface thermometer for testing ambient relative humidity, temperature and dew point, and surface temperature. These can be used to identify detrimental condensation conditions conducive to microbial mold growth. The hammer-action pin-probe measures moisture content in wood, drywall and WME in other materials, while the narrow 5" RH probe allows for in-situ RH probe testing. The Tramex Water Damage Restoration Pro Kit WDRPK-HA comes in a protective heavy-duty carrying case with die-cut foam lining.

Both meters have Bluetooth connectivity to the Tramex Meters App allowing you to GeoTag test results, create, save and share reports and charts.

MicroTrap Tri/Mon V.11 Digital Recording Manometer

An instrument for measuring and recording very small pressure differences, this unit was designed specifically for positive or negative pressure systems in hospitals, laboratories, clean rooms, HVAC systems and environmental work sites. It provides instantaneous readings of the differential between the air pressure inside a contained space and the pressure outside.

Differential pressure is sensed by a capacitance type transducer with +/- 1% accuracy.

Item	Description	Price
1676-5644	MicroTrap Tri/Mon V.11 Differential Pressure Recorder with Printer (ea)	\$1,996.07

Tramex CME5 Concrete Moisture Encounter X5 Meter

A non-destructive digital concrete moisture meter for measuring quantitative moisture content in concrete floors and slabs. Has a Relative Humidity Meter function and features a built-in Hygrometer that measures Ambient Relative Humidity, Temperature, Dew Point and Humidity Ratio (or Mixing Ratio) of the environment. | Determines instant and precise quantitative measurement of moisture content using Gravimetric testing as a baseline, and tests concrete to a depth of approximately 20 mm (3/4 in) into the slab.

- Provides quantitative Carbide Method equivalent readings for Concrete and Anhydrite/Gypsum substrates and screeds
- Has two reference scales for comparative readings making it suitable to perform a concrete moisture test as per ASTM F2659

Item	Description	Price
2645-0268	Tramex, Concrete Moisture Encounter, X5 CME5, Meter Only	\$975.00

Tramex MEX5 Concrete Moisture Encounter Meter

The Tramex Moisture Encounter MEX5 is a digital Dual-Depth, non-destructive moisture and humidity meter, ideal for surveying moisture and humidity conditions in building structures. | The MEX5 measures moisture content in wood and drywall and provides comparative readings in various building materials such as roofing, plaster, tile and masonry. It also features a built-in hygrometer for ambient conditions and psychrometric values, an Infrared Surface Thermometer and also incorporates optional external in-situ RH probes for in-situ equilibrium RH readings, as well as Pin probes for wood, drywall, and WME readings. These individual and collective features make the MEX5 an essential and indispensable asset for professionals in the building moisture inspection and restoration industry.

- Features dual depth measuring range. Deep Depth penetration of up to 1 1/4" (30mm) and Shallow Depth penetration of up to 3/16" (9mm).
- Dual depth readings of surface and core moisture can be compared to eliminate the influence of the substrate when testing coverings.

Item	Description	Price
2657-5288	Tramex MEX5 Moisture Encounter Meter (ea)	\$1,020.00

SystemSURE Plus Monitoring System

SystemSURE Plus is the next generation of the world's best-selling SystemSURE II ATP hygiene monitoring system. This new system uses state-of-the-art electronics with improved functionality, but still maintains its small hand-held design and affordability.

Item	Description	Price
1640-1541	SystemSURE Plus Monitoring System (ea)	\$2,455.72

FLIR Pro Infrared E5 and E6 Cameras

Quickly recognize where problems are located thanks to FLIR MSX® (Multi-Spectral Dynamic Imaging), which embosses key visual details onto thermal images

- Save time spent on manual adjustments with 1-Touch Level/Span
- Improve inspection efficiency using the touchscreen, with the ability to add detailed notes to each image
- Edit, store, organize, and share images using the FLIR Ignite cloud service
- Create quick reports in FLIR Ignite from any device, or create advanced reports in FLIR Thermal Studio from a PC

Main Applications:

- Industrial inspections of electrical and mechanical equipment
- Condition monitoring and preventive maintenance of degrading equipment before failure
- Building inspections to ensure energy efficiency

Item	Description	Price
2679-5740	FLIR E5 Pro Infrared Camera w 240x180 IR Res + Ignite Cloud (ea)	\$2,399.00
2674-5543	FLIR E6 Pro Infrared Camera w 160x120 IR Res + Ignite Cloud (ea)	\$1,649.00

FLIR TG267 Thermal Camera

The FLIR TG267 takes you beyond the limitations of single-spc* IR thermometers to both see and evaluate the hot and cold spots that can indicate serious issues.

Ideal for commercial electrical, facility maintenance, and HVAC applications, this advanced thermal camera with a brilliant 2.4 inch screen reduces diagnostic time while simplifying repair and maintenance reporting.

Patented FLIR MSX® (Multi-Spectral Dynamic Imaging) enhancement improves image clarity by embossing visual scene details on full thermal images, providing added context to help you accurately target potential faults and troubleshoot repairs.

Record images to monitor maintenance history and reassure your customer that problems have been resolved.

Item	Description	Price
2606-0626	Flir Tg267 Thermal Camera 160 X 120 Resolution/9hz	\$546.07

FLIR C5 Compact Professional Thermal Imaging Camera

With the FLIR C5 in your pocket you'll be ready anytime to find hot fuses, air leaks, plumbing issues, and more.

Identifying hidden problems is easy with the 160 x 120 (19,200 pixels) true thermal imager, MSX® (Multi-Spectral Dynamic Imaging), 5-megapixel visual camera, and LED flashlight.

Item	Description	Price
2632-0844	Flir C5 Compact Professional Thermal Imaging Camera (ea)	\$799.00

FLIR E8 Pro Infrared Camera

FLIR E8 Pro Infrared Camera with 320x240 IR Resolution and Ignite Cloud.

See impending failures sooner with optics always in focus and large, sharp, 640x480 touchscreen

Save time by connecting to the cloud for automatically storing, editing and sharing images in FLIR Ignite or Thermal Studio. OTA (Over The Air) updates will always keep your camera equipped with the latest features

Rugged, reliable, yet lightweight design with power grip for one-handed, point and shoot image capture

Simplify workflow by using the touchscreen to 1-touch level & span, pan and zoom, as well as adding comments to images - automatically inserted into reports

FLIR MSX Image Enhancement provides extraordinary thermal imaging details, with a 5 MP visual camera and LED lamp for improved decision support

Item	Description	Price
2694-5218	FLIR E8 Pro Infrared Camera with Ignite Cloud 320 x 240 (ea)	\$3,499.00

FLIR MR176 Imaging Moisture Meter Plus with IGM™

The FLIR MR176 Imaging Moisture Meter Plus with IGM is an all-in-one tool equipped with a built-in thermal camera that can show you exactly where to measure moisture.

Features Infrared Guided Measurement (IGM) technology. The MR176 helps you quickly scan and target moisture issues, visually guiding you to the spot where you can confidently take measurements and analyze readings.

Item	Description	Price
1697-2390	FLIR M176 Imaging Moisture Meter Plus with IGM (ea)	\$1,109.00

FLIR MR277 Building Inspection System w/ Moisture Psychrometer & MSX IR Camera

Building Inspection System with Moisture Hygrometer & MSX IR Camera.

- Clearly see areas of concern with a high-performance 160 x 120 thermal imaging sensor
- Easily identify both the context and the issue with MSX, which embosses visual details on full thermal images
- Quickly scan for moisture with the integrated non-invasive pinless sensor
- Target the exact source of problems with the integrated laser pointer
- Create a single file documenting comprehensive thermal and visual imagery with hygrometer readings and laser location

What's in the box?

FLIR MR277, FLIR MR13 Replaceable Temperature and Relative Humidity Sensor, FLIR MR02 Standard Moisture Pin Probe, quick start guide, international USB charger, USB cable, and lanyard

Item	Description	Price
2605-0625	FLIR MR277 Moisture Meter, MSX IR Camera and Hygrometer (ea)	\$1,609.00

Fiberlock Recon Smoke & Odor Sealer

Recon Smoke Odor Sealer with OdorLock technology is water based, low VOC, low odor and is not flammable. Unlike typical water based coatings that wick smoke odors and stains out of the substrate as they dry, RECON Smoke Odor Sealer with OdorLock technology prevents smoke odors and stains from migrating through the coating. This technology provides one coat odor control on most surfaces and continues to block odors even with seasonal changes in temperature and humidity. RECON Smoke Odor Sealer is specifically designed to encapsulate malodors on multiple surfaces including, wood, brick, concrete, plaster, plastic and metal. RECON Smoke Odor Sealer is fast drying and has exceptional application characteristics. RECON Smoke Odor Sealer is your final step to encapsulate residual odors typically found on fire damage restoration projects.

Lower Prices!

- Permanently encapsulates smoke odors
- Highly permeable; doesn't trap moisture
- Can be applied in ductwork
- Excellent stain blocker
- Water based and non-flammable
- Bonds to nearly any substrate
- Ideal for use in wall cavities
- Low VOC

OmniPro Lemon Oil Furniture Polish

- Produced with beeswax to provide fine finish
- Pleasant lemon scent
- Polish cleans and leaves lasting shine
- Perfect for post fire cleanup where soot removal is required
- May be used on woodwork, vinyl, metal, leather, plastic, counter tops and more

Item	Description	Price
1652-2245	OmniPro 2140 Lemon Oil Furniture Polish, 18oz. (ea)	\$8.97

OmniPro Ultimate Glass Cleaner

- Formulated to remove grease, soot, fingerprints and smudges off glass, windows, windshields and more
- Won't leave spots or film, even at colder temperatures
- Overspray dries clear
- Sprayable in all directions, even upside down

Item	Description	Price
1652-2649	OmniPro Ultimate Glass Cleaner, 19oz. (ea)	\$7.18

OmniPro Fire Power Heavy Duty Cleaner

When you need a hard hitting degreaser, you need Fire Power. Fire Power uses a powerful blend of surfactants, alkaline builders and solvents to dissolve away soot and other hard-to-clean soil from walls, paneling and wall coverings.

Item	Description	Price
1617-2847	OmniPro Fire Power, 1 gal. (ea)	\$33.19

OmniPro Vission Multi-Purpose Cleaner

A green surfactant and alkaline-builder blend for removing smoke residues from painted or covered/panelled walls. Excellent general-purpose and oil-mess cleaner. Pleasant orange scent, derived from food-grade orange oil.

Item	Description	Price
1673-2240	OmniPro Vission, 1 gal. (ea)	\$36.94

Unsmoke Systems Degrease-All Solvent Cleaner

Degrease-All is a specially formulated ammoniated solvent that removes smoke residues, grease, and other difficult soils from painted surfaces, metal, concrete, tile, sealed or unsealed wood, hard floors and wet cleanable fabrics.

Item	Description	Price
57736	Unsmoke Systems Degrease-All Solvent Cleaner, 1 gal. (ea)	\$34.50
A56837	Unsmoke Systems Degrease-All Electronic Equipment Solvent Cleaner, 1 gal. (ea)	\$44.50

Unsmoke Systems Liquid Wall Wash

Cleans any hard surface and is especially effective on smoke damage. Can be used to clean nicotine off blinds, ceiling grids, air filters, and fans. Excellent for removing grease and oils from vinyl, concrete, and more. One gallon makes up to 33 ready-to-use gallons of solution.

Item	Description	Price
A43303	Unsmoke Systems Smoke-Solv Liquid Wall Wash, 1 gal. (ea)	\$34.50

Unsmoke Systems Unsoot #1 Encapsulant

This long-lasting barrier helps prevent the release of particulate, thereby helping to improve indoor air quality and occupant comfort after restoration. Use on structural wood, or for sealing duct work and ceiling plenums after fires, smoke damage, or oil burner puff-backs.

Item	Description	Price
57725	Unsmoke Unsoot#1 Encapsulant, 1 Gal. (ea)	\$63.00

Benefect Atomic Fire & Soot Degreaser

Benefect's Atomic Degreaser is a next generation botanical, high-performance cleaner concentrate. It is strong enough for the heaviest greasy soils, but safe to use around children, pets and even the chemically-sensitive.

Bioesque Heavy Duty Cleaner & Degreaser

Superior deep cleaning and grease-fighting capabilities for the toughest jobs in the grimeiest industrial or high traffic commercial settings. Unlike most heavy-duty cleaners it contains no harmful chemicals, is non-flammable, and completely biodegradable for a safer clean that is friendlier to the environment.

- Superior heavy duty cleaning abilities
- Cuts through tough grease and oil
- Cleans fire and soot damage
- Cleans organic soiling
- Removes soap scum, dirt, grime, and other organic build up
- Completely Biodegradable
- Neutral pH and deodorizing fresh fragrance
- Non-flammable
- Contains no harmful chemicals

Item	Description	Price
1607-6337	Bioesque Heavy Duty Cleaner and Degreaser, 1 Gal. (ea)	\$24.30
1600-6431	Bioesque Heavy Duty Cleaner and Degreaser, 55 Gal. (ea)	\$1,188.71

OmniPro On & Gone Mold Stain Remover

Nothing removes stains faster or more cost effectively.

- Reduce labor hours
- Increase profitability
- New fresh scent formula
- One gallon covers 250 sq.-ft
- Remove dark stains from attics, crawlspaces, decks, cinder block, and poured concrete

Item	Description	Price
2689-0715	OmniPro O&G1001 On & Gone Mold Stain Remover, 1 Gal. (ea)	\$28.19
2682-0819	OmniPro O&G2500 On & Gone Fast Mold Stain Remover, 2.5 Gal (ea)	\$66.94

OmniPro Soot Wash Textile Soot & Smoke Odor Remover

Specifically formulated to remove tough soot stains from water-safe textiles including clothing, sheets, upholstery, carpet, and drapes. Soot Wash solves the three main issues with cleaning soot-contaminated textiles.

Hard-to-remove soot stains

- Surfactants penetrate deep into textiles to remove stubborn soot stains then loosen soot from fibers through a powerful charge-charge interaction

Strong smoke odors

- Permanently neutralizes odors with a pairing agent that gets rinsed away after cleaning

Redeposition of soot particles

- Contains ions that prevent re-staining from occurring and allows for thorough removal of stains
- Can be used as a prespray for carpets and upholstery, or as a washing machine detergent for soot-removal from water-safe fabrics

Item	Description	Price
2642-3715	OmniPro Soot Wash, 6lbs. (ea)	\$51.30
1638-6207	OmniPro CR402 Soot Wash, 6.5lb. Jar (ea)	\$55.07

OmniPro Gone 4 Good Mold Regrowth Protective Coating Kit

Hygroscopically drawn into the cellular matrix of wood creating a crystalline matrix

- Creates a high pH, crystal shield which separates mold from its food source
- Inhibits nutrient extraction from substrate
- All natural product
- No poisons or biocides
- Nothing to off-gas or form VOCs
- A breathable barrier which enables moisture to leave substrate
- Guaranteed for 10 years to prevent surface staining
- Dries clear or can be tinted with latex primer
- One container covers 1500 sq ft
- Apply with any sprayer

Item	Description	Price
2680-0817	OmniPro G4g5002 Gone 4 Good Mold Regrowth Protective Coating Kit (ea)	\$167.79

A30901	Sporicidin ENZ-3212 Enzyme Mold Stain Cleaner Concentrate 32 oz. (ea)	\$41.96

Fiberlock 8317 Instant Mold Stain Remover

Designed to clean stains from mold and mildew within minutes by instantly targeting deeply-embedded mold stains.

- Works on wood and concrete substrates
- Works within minutes of application
- No scrubbing required
- For indoor and outdoor use
- Targets and removes deeply embedded stains from mold and mildew

*No claim is made by this product to prevent, destroy, repel or mitigate any living organism.

Item	Description	Price
1629-5154	Fiberlock 8317 Instant Mold Stain Remover, 1 Gal. (ea)	\$39.12

Fiberlock IAQ 9000 Waterproof Coating

- Latex-based, fast-drying formula
- Stops 10 psi of water pressure and reduces radon gas penetration
- Contains an EPA-registered fungicide to prevent mold growth

Item	Description	Price
57969	IAQ 9000 Water Based Mold Resistant Waterproof Coating, 5 gal (ea)	\$258.99

Serum 2000 Organic Stain Damage Prevention Polymer Coating

Serum 2000 is a nonhazardous coating that prevents stains and odors caused by organic matter. The charged polymers contained in Serum 2000 dry clear in less than one hour, forming a permanent protective coating.

Harmless to all surfaces not damaged by water, this product is biodegradable and contains no VOCs. Covers up to 1,000 sq. ft./gallon.

Item	Description	Price
1685-0683	Serum 2000 Step 2 Organic Stain Damage Prevention Polymer Coating, 5 gal (ea)	\$367.03

Foster 32-32 White Bridging Encapsulant

Foster 32-32™ Bridging Encapsulant can be applied to previously painted surfaces. It can also be used over the hard, non-absorptive types of asbestos insulation that will not "accept" a penetrating type encapsulant.

Bridging Encapsulant can be used with glass cloth as a lagging adhesive and coating to encapsulate asbestos containing pipe covering and boiler lagging insulation.

Item	Description	Price
57349	Foster 32-32 White Bridging Encapsulant (ea)	\$359.26

Serum 1000 Organic Stain Remover

20% hydrogen peroxide surfactants formula to clean stains, oxidize odors, and prepare for removal of organic matter via HEPA vacuuming. No residual gas-off & no VOCs.

Accelerator supercharges hydroxyl radicals to boost Serum 1000 bleaching power.

Item	Description	Price
1654-1601	Serum 1000 Organic Stain Odor Remover, Step 1 Cleaner, 5 gal. (ea)	\$184.25

Sentinel 909 Soy Mastic Remover

909 Soybean Degreaser & Mastic Remover is a biodegradable, soybean based solvent cleaner, for the removal of asphalt based mastics, grease, lubricants, inks and other petroleum based residues. 909 is ideal for projects when a biodegradable no odor product is preferred.

C.A.R.B. / OTC COMPLIANT

Item	Description	Price
57761	909 Soy Mastic Remover, 5 gal (ea)	\$144.71

Chemsafe 600 Roof Fiber Suppression Foam, Blue

A highly concentrated aqueous blend of biodegradable detergents that combine to produce a long lasting super foam blanket. Spray onto roofs and other surfaces to help keep friable asbestos and dusts from becoming airborne during removal.

- Economical
- 5 gal Pail Packing
- Low VOC
- Liquid
- Dark Blue
- 500 - 1000 sq-ft/gal Coverage
- Low Odor Odor/Scent

Item	Description	Price
57422	Chemsafe 600 Roof Fiber Suppression Foam, Blue, 5 Gal. (ea)	\$89.62

Sentinel 747C5 Low Odor Mastic Remover

Sentinel 747 Fresh Scent Mastic Remover is the original, most widely used and specified remover designed to clean and remove black asphalt and solvent based mastics and clear thin spread adhesives commonly found under 9" and 12" vinyl floor tile.

747 cleans up with soap and water, leaving surfaces ready for new flooring.

- Low Odor
- CARB Compliant
- Blue
- Fresh Odor/Scent

Item	Description	Price
A58617	Sentinel 747C Low Odor Mastic Remover, C.A.R.B. Compliant, 5 Gal. (ea)	\$153.58

EnviroSHIELD™ Masonry 3000 Waterproofer

Forms an impermeable barrier to water on interior or exterior, vertical or horizontal concrete block and cast-in-place concrete. Backed by a 15 year waterproof and 10 year mold and mildew resistant finish guarantee, it stops moisture from entering or exiting a concrete surface. Masonry 3000 can be used to stop moisture from entering basement or cellar walls and concrete subfloors and will stop water from exiting when applied to canals and holding basins. This coating can also be used as a block filler for commercial applications such as car washes and garages where high performance topcoats are applied.

Item	Description	Price
1636-7524	EnviroSHIELD Masonry 3000 Waterproof, 5 Gal. Pail (ea)	\$246.90

Chemsafe 500 Asbestos Lock Down Encapsulant

A pre-mixed, post-removal lockdown encapsulant solution provides lockdown of microscopic asbestos fibers to the substrate by forming a flexible resinous barrier. This barrier serves a dual purpose of priming the substrate and allowing adhesion of secondary coatings.

- Essential during mandatory sealing of microscopic asbestos fibers subsequent to asbestos removal
- Acceptable for use as a penetrating encapsulant as provided

Item	Description	Price
57508	Chemsafe 500 White Lock Down Encapsulant, 5 Gal. (ea)	\$79.97
57509	Chemsafe 500 Clear Lock Down Encapsulant, 5 Gal. (ea)	\$48.38

Chemsafe GOLD Wetting Agent

Chemsafe Gold is a water based wetting agent used for "wetting out" fibrous materials during removal. It has an extremely low surface tension, which enables the wetting of fibers along with added binding capability, helping to maintain dust-free conditions during the removal of asbestos containing materials.

Item	Description	Price
57418	Chemsafe GOLD Wetting Agent (ea)	\$49.36

C.A.R.B. / OTC COMPLIANT

Fiberlock Lead Encapsulant LBC

LBC Lead Barrier Compound (Type III - Interior/ Exterior) is a thermoplastic-elastomeric water based copolymer blended to form a barrier between lead-based paint and the environment. It is a high-solids coating formulated to offer unparalleled coverage, economics and aesthetics while preserving historic and architectural detail. LBC meets all Federal, State and Local standards for lead based paint encapsulants, and is certified for use in all 50 states.

Item	Description	Price
57491	Fiberlock 5801 White LBC III Interior / Exterior Encapsulant, 5 Gal. (ea)	\$321.99
57290	Fiberlock 5800 Antique Linen LBC III Interior / Exterior Encapsulant, 5 Gal. (ea)	\$315.10

POWER TOOLS & ACCESSORIES

Kett KSV-432 Vacuum Panel Reciprocating Saw Kit

- 2 1/2" carbide abrasive blades with dust control
- 5.0 Amp pistol grip, variable speed, 2500 RPM motor
- Great for cutting drywall, fiberglass, and plaster products with dust control
- Leaves a milled, ready-to-fabricate finish without burning the material
- Lightweight and easily maneuverable
- Dust-free cutting

Dry Cleaning Soot Sponge

Natural rubber sponges to remove soot from fires in a dry state. Tiny porous cells lift soot from surfaces quickly without smearing. Ideal for painted surfaces, wall paper, acoustical tile, paneling, lamp shades, paintings, and other surfaces. Reusable many times by washing.

Item	Description	Price
59900	Dry Cleaning Soot Sponge, 1 1/2" x 3" x 6" (ea)	\$2.65
59901	Dry Cleaning Soot Sponge, 3/4" x 3" x 6" (ea)	\$1.68

IBIX Wet/Dry Blast Systems

Lightweight aluminum allows for easy portability in all types of locations. Features dual action wet and/or dry. Perfect for a wide variety of applications, pre-paint preparation and cleaning rust, corrosion and debris from virtually any surface. One-man operation with a quick-click nozzle for maximum versatility. User friendly and delivers a precise, consistent, even air and media flow for a smooth surface finish with very low air volume requirements. Minimal dusting improves health and safety for the operator and the environment.

Foam-It Portable Electric Powered Sprayer

Electric powered sprayer works all day with no pumping. Includes on-board 1.5 hp air compressor, 650 fan tip for wide, even coverage. Compact size is easily portable. 25' coiled tubing allows you to reach a large area without moving the unit. Provides plenty of thick rich foam.

Foam is beneficial for so many purposes. Dryer applications; reduced chemical usage; increase dwell time when:

- Cleaning tile & grout on vertical surfaces
- Applying sanitizers and disinfectants
- Washing walls
- Chemical-resistant vitol seals
- 100' line allows contractor to reach almost every area of homes and crawl spaces

Item #	Description	Price
1607-5614	Foam-It Portable Foam Unit with 100' Hose (ea)	\$2,412.51

National 5700 Silver Vein All-Day Battery Ride-On Floor Scraper

- Has the ability to operate up to 12 hours on a single charge
- Comfortable to ride and drive
- Ergonomically designed controls
- Precise hydraulic steering for maneuvering in tight spaces
- Built-in charging system
- Unique swivel head keeps the blade in contact with the floor
- Sliding front plate allows for exact blade angle

NATIONAL FLOORING EQUIPMENT

National Self-Propelled Walk-Behind Scraper

The 6280 Commander™ removes the worst of today's soft goods, such as glued-down floors, gummy commercial carpet, VCT, sheet vinyl, rubber tile, linoleum, indoor and outdoor sport surfaces, roofing material, and more. Its compact design makes it ideal for use in confined spaces, while the side slide weights add extra head pressure when forward and improved traction when moved over the back wheels.

NATIONAL FLOORING EQUIPMENT

Item	Description	Price
1657-1655	National 6280-COM Self-Propelled Walk-Behind Scraper with Commander-style Handle (ea)	\$11,401.12

Stonecrete Prep & Polishing Floor Machines

- Use for prep/polishing concrete, terrazzo, marble and granite
- Excellent for heavy grinding, coat and glue removal and polishing capabilities
- Wet and dry operation with water delivery system and vacuum connection
- Adjustable handle with 180-degree forward and backward motion for operator comfort
- Magnetic plates system for quick and easy change of diamond tools
- LED integrated lights

Blastrac 1-10DSGI Shotblaster

A versatile, self-propelled 10" shot blasting system, ideal for medium and large sized jobs. AC inverted drive-motor for self-propelled operation features an integrated brake to help maintain speed on ramps and inclines. This improves productivity and promotes a more even and consistent blast pattern and surface profile. When attached to the BDC-66 dust collector, it operates virtually dust-free.

Item	Description	Price
1640-6225	Blastrac 1-10DSGI 10" Global Shotblaster & BD-66H Dust Collector w/HEPA & 5" x 50' Hose (ea)	\$72,978.00

Blastrac Walk-Behind Shot Blaster

The Blastrac 1-8DM can prepare, strip, clean and profile in one easy step. There is no rinsing or drying time as with chemical acid etching, and the profile provides a better surface for coating adhesion.

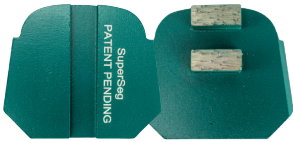

A highly portable, lightweight shot blasting system. The Blastrac Shot Blaster 1-8DM is perfect for smaller jobs such as residential garage floors, pool decks, and small industrial floors. It runs on single phase common power. With manual travel speed and an 8.75-inch blast pattern, this small blast machine is also ideal for balconies, areas around equipment, obstructions, and other tight spaces.

Item	Description	Price
1608-5159	Blastrac Walk Behind Shot Blaster, 1-8DM (ea)	\$9,241.00

TRULOC™

TruLoc Super Segment Grinding Disc

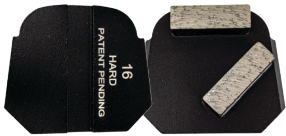

The secret to the high performance of the Super Segment tool is in the metal-bond matrix and the position of the segments on the plate. The segments are specifically formulated for floor preparation. The Super Segment efficiently cuts through tough coatings and hard to open surfaces.

Two-Segment Grinding Disc

Item	Color	Price
2634-1127	Green	\$76.15

TruLoc 2-Segment Grinding Discs

The two-segment concrete floor grinding plate is a powerful tool designed with extra-large segments for maximum tool life and performance. With an even scratch pattern, this tool yields a superior concrete floor surface that is ready for polishing.

Two-Segment Plates

TruLoc 1-Segment Coating Removal Tools

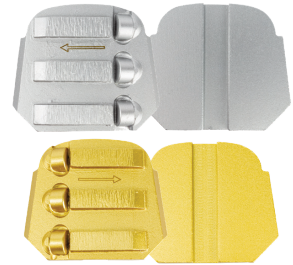

This unique tool contains two ¼ round PCD segments with a single metal-bond segment. Designed for efficient floor preparation, the PCDs aggressively remove floor coatings while the metal-bond segment smooths and refines the scratch pattern. Additionally, the metal-bond segment height is designed to avoid gouging the floor surface with the PCDs.

Two ¼-Round Segments & One Single-Segment Disc

Item	Side	Color	Price
2635-1128	Left	Silver	\$75.00
2636-1129	Right	Gold	\$75.00

TruLoc 3-Segment Coating Removal Tool

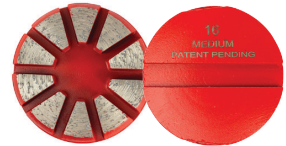

Tackle concrete floor coating, mastic or glue removal with ease using this unique heavy-duty tool. With three large PCDs plus three metal-bond segments, this tool is fast and efficient. The PCDs aggressively attack the floor surface exposing aggregate while the metal-bond segments smooth and refine the scratch pattern. Additionally, the metal-bond segment height is designed to avoid accidental gouging the floor surface with the PCDs.

Three-Segment PCD Coating Removal Tool

Item	Side	Color	Price
2367-1120	Left	Silver	\$162.50
2638-1121	Right	Gold	\$162.50

TruLoc 10-Segment Grinding Discs

The Ten Segment floor grinding disc has ten robust metal-bond segments designed for maximum tool longevity. The radial-edged segments easily ride over inconsistencies in the floor. Additionally, the segments are designed to leave a subtle and consistent scratch pattern to properly prepare the concrete floor for the polishing steps.

Ten-Segment Grinding Disc

Ruwac Attic Vermiculite Removal System

Ruwac's specially-designed solution for safe handling of vermiculite, and potential asbestos. Features a heavy duty industrial vacuum with 11 Hg" negative-vacuum pressure, while filtering harmful materials into a 55 gallon HEC-XLT cyclone pre-separator and safely containing contaminants and returning only clean air. | A faster and safer vermiculite solution to collect and contain dangerous materials without exposing the operator during the process

- Achieved with a 99% at .5 micron primary filter and 99.997% at .3 micron secondary HEPA filter
- Includes a pre-separation drum that returns only clean air
- The pre-separator drops heavy materials down into a collection drum that is lined with a heavy duty plastic bag

Item	Description	Price
1614-7326	Ruwac Attic Vac Vermiculite Removal System (ea)	\$15,311.85

Ruwac Attic Air Vac Jr. Compact

Ruwac's versatile vermiculite vacuum package is designed for small projects, is easy to transport and is also great for asbestos abatement, mold & lead remediation, demolition, surface preparation, and post construction project clean up.

- 110 volt power
- Only 1 operator
- 30 gallon collection capacity
- Removes up to 650 SQ FT of vermiculite / day
- Up to 75 feet of 2" hose

Item	Description	Price

52551	North Dual Cartridge Elastomeric Full Face Respirator, Small (ea)	\$159.94

7600 Series Full Facepiece Respirator

Features a dual flange sealing area for improved fit and comfort, and a five strap suspension. The nose cup and face seal are 100% silicone. Provides superior fit, comfort and reliability.

Facepiece comes with a speech diaphragm that helps amplify workers' conversations when directions, warnings and other communication must be heard by others. Hard coated polycarbonate faceshield offers a wide 200 degree field of vision.

- Can be adapted to a PAPR and a continuous flow supplied-air respirator
- Lens offers 200 degree field of vision, plus downward view

- Wide sealing area
- Latex-free
- Chin cup helps to position the facepiece properly

Item #	Description	Price
52490	North Dual Cartridge Elastomeric Full Face Respirator, Medium/Large (ea)	\$333.85

RU6500 Series Full Facepiece Respirator

A silicone full facepiece compatible with the N Series filters and cartridges.

- Polycarbonate lens, with 200° field of vision: maximizes peripheral vision plus downward view; meets ANSI Z 87 for high impact
- Silicone facepiece seal: soft and flexible, providing workers with a comfortable fit
- Lightweight design: reduces head and neck stress for the worker
- Innovative head strap system: quick and easy donning and doffing
- Threaded cartridge connector: Secures cartridges and filters; can be adapted to PAPR or CF-SAR*
- Choice of 5-pt harness or nylon mesh headnet

5500 Series Half-Mask Respirator

Large half-mask type black facepiece made of extremely soft non-allergenic elastomer for comfort and fit. Low dead air space improves worker assistance by limiting exhaled air re-breathing; facepiece provides a contoured sealing flange to eliminate discomfort from facial nerve pressure points. Compatible with all North cartridges and filters (cartridges not included).

Item #	Description	Price
52484	5500 Series Half-Mask Respirator, Medium (ea)	\$18.98
52572	5500 Series Half-Mask Respirator, Large (ea)	\$18.98

PR500 Series Lightweight PAPR Assembly

Mask-mounted PAPR and belt-mounted battery pack and blower/filter assembly ride comfortably on the wearer's hip, taking the weight off the facepiece. Silicone full facepieces are available for mask-mounted sizes.

- Front mounting alternate option
- Flexibility of converting from APR PAPR in three different mask sizes
- Ideal for only High Efficiency Particulate (HEPA) protection
- Lightweight unit will not slow worker efficiency
- Water-resistant battery pack is contoured for better fit

Novatek Air Machine, Novair 700, F0700

Remediation, air scrubbing, restoration, healthcare, and clean rooms are only a few applications for the new Novair 700 portable air filtration unit.

- More power: the most powerful impeller driven variable speed adjustment, capable of delivering 200-700 CFM and dramatically increases filter life.
- Versatility: at home in applications ranging from asbestos removal, restoration projects, airborne pathogens and medical uses. The quick-release intake door accepts MERV, carbon, and standard dust filters. Integrated nesting allows for the stacking of multiple machines.
- 16" x 16" x 3" high capacity HEPA filter.
- Low power requirements: Drawing only 3 amps, the 700 can be daisy chained up to three units. The built in GFCI outlets allow for safe and effective operation.

NILFISK

Omni Dry™ Flexidry Wall Drying System

The all new Flexidry makes it faster and easier to dry wall cavities. The Flexidry comes with eight reinforced openings that are spaced 16" apart to match stud cavities. The 3/4" hose barbs and rubber hoses are user replaceable and can be customized to fit the particular drying situation.

One Flexidry covers an 8-foot section of wall and you can connect up to five Flexidry's for runs down long hallways or walls. The Flexidry can even bend around corners. The universal cinch-tight opening will accept any centrifugal air mover or E-TES. The cinch-tight opening uses industrial Velcro straps to cinch around the air mover opening, reducing airflow loss and keeping the Flexidry firmly locked in place.

Comes with a convenient carry bag for storage and transportation.

Item	Description	Price
1690-0526	Omni Dry ACS1 Wall Drying System (ea)	\$393.04

Restoration Tools The Aerator AERP01

Invented and designed by experienced pros in the restoration industry, The Aerator is an innovative tool to improve and speed up the restoration process after a water-loss event.

The Aerator is designed for use in wall cavity drying. It creates a precise 5/8" hole in wet drywall leaving no debris to clean up. No longer back-breaking work, the process can be completed 15X faster than the traditional drill and vacuum.

What would normally take a technician an hour, they can now do in 5 minutes!

OmniPro Multi-Function Moisture Meter

This meter is a series of moisture/humidity meters with built-in infrared (IR) temperature sensing. It is a powerful and versatile instrument for measuring and diagnosing dampness in buildings and building materials.

- Quickly indicates the moisture content of materials with pinless technology without damaging the surface; remote pin-type probe allows for moisture reading at different penetration levels (3ft./0.9m cable length)
- Easy-to-read, large dual display with backlit feature X Simultaneously displays moisture of wood or material being tested and air temperature, IR temperature, or humidity
- IR design to measure non-contact surface temperature; 8:1 distance to spot ratio with 0.95 fixed emissivity
- Built-in humidity/temperature probe measures relative humidity, air temperature plus grains per pound (GPP), and dew point (DP)
- Automatic calculation of differential temperature (IR - DP)
- Min/Max and Data Hold X Auto power off and low battery indication
- Memory function

For use with all ChemSafe Lift & Go Products

ChemSafe™ Laminated Paper assists in the removal of architectural, industrial, and high-performance paints and coatings. It is specially designed to keep ChemSafe paint removers in a wet state, reducing evaporation and allowing them to work more quickly and efficiently. Also, paint removers and the coatings beneath will stick to the paper aiding in clean-up. When used outdoors, ChemSafe Laminated Paper also assists in protecting the remover from the elements. (10 Sheets, 100 sq ft, sheets measure 39" x 39")

X-Guard 38" x 100' Builder Board

The Surface Shields Builder Board is a heavy-duty, temporary floor protection solution designed for contractors and remodelers. Measuring 38 inches in width and 100 feet in length, this fiberboard offers robust defense against water, paint, mud, and more, ensuring surfaces like hardwood, tile, concrete, and stone remain unscathed during projects

- Heavy-duty, water-resistant temporary floor protection
- Repels water, mud, paint, and more
- Keeps water from soaking through and damaging expensive flooring
- Protects floor from tracked-in water and job site spills
- Allows vapors to escape for maximum breathability
- Tough enough to be driven on - approx. 45 mil. thick
- Easy to install - lays fast and flat
- 1 roll covers the same area as 10 sheets of masonite
- A green product - 100% recyclable
- Use to gain USGBC LEED points

SPECIAL
ADHESIVE

DRAGON SKIN ARMORTECH Tacky Mats

Your Ultimate Clean & Safe Jobsite Solution!

Dragonskin Armortech™ embodies the importance of maintaining a clean environment on the jobsite with Tacky Mats designed specifically for contractors who demand the highest standards of dust containment.

► **Advanced Adhesive Surface:**

Our Tacky Mats feature a specialized adhesive surface that effectively captures dust, dirt, and debris from footwear, tools, and equipment upon entry, preventing contamination of clean work areas.

► **Durable Construction:**

Crafted from high-quality materials, our Tacky Mats are built to withstand heavy foot traffic and harsh job site conditions, ensuring long-lasting performance and reliability.

► **Easy to Install and Replace:**

With a simple peel-and-stick application, our Tacky Mats can be effortlessly installed and replaced as needed, minimizing downtime and maximizing productivity.

► **Compatible with Shoe Covers:**

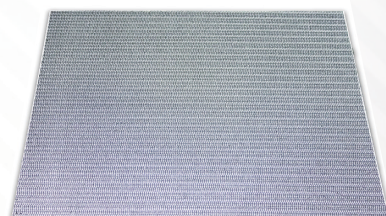

Pair these Tacky Mats with our durable Shieldtech shoe covers for comprehensive dust containment solutions that keep the entire workspace clean and tidy.

C100 Carbon Pleated Filters

NCFILTRATION
AIR FILTRATION PRODUCTS

These carbon pleated filters are premium quality odor reduction filters. The specialized media used in these filter offers BOTH particulate and molecular filtration. Odorous gases and vapors are attracted to and held by the unique properties of the activated carbon material. Not only are these filters designed to attract and hold small particles, but they remove formerly unfiltered gases and odors from the air. Ideal for variety of odor control applications including: food odors, new paint, new carpet, bathroom smells, smoke, pets, and more.

Carbon Pre-Filter for Syclone

SYCLONE

The Syclone Carbon Prefilter is the smoke/odor solution you have been looking for. Used in conjunction with the standard filtration in the Syclone HEPA Air Scrubber Sentry X4. The Carbon Prefilter slips snugly over the first stage filter retaining cage.

Made with premium high VOC adsorbing active carbon bonded to thick multi-density media at a dry carbon weight of 340 GSY. The multi-density design allows increased carbon coating and secondary dirt holding capability.

Unlike other carbon solutions, the filter remains pliable over the life of the filter and won't crack. Moreover, the design allows for a low initial pressure drop, extending the life of the prefilter.

Item	Description	Price
2677-1612	Syclone Carbon Pre-Filter for 400 CFM Negative Air Machine, 5/Pk	\$161.50

Dri-Eaz 4-Pro 4-Stage Filter

Keep your dehumidifier operating at maximum efficiency with the only filter designed specifically for restoration, remediation and construction. Protects in four ways, using electrostatic polypropylene and cellulose mesh capture particles, activated carbon to adsorb odors and fumes, and antimicrobial treated filter media.

Construction: Sturdy aluminum frame resists collapse to maintain proper filtration.

Materials: Electrostatically charged polypropylene, activated carbon, and expanded cellulose mesh. Antimicrobial treated media.

Disposable: Filters are not reusable. Replace whenever filter appears dirty or heavily loaded with particles.

Item	Description	Price
1657-7963	Dri-Eaz 4-Pro 4-Stage Filter (ea)	\$62.13

Komelon Stainless Steel Measuring Tape

Why would someone need a stainless steel tape measure? It's a "must have" because Komelon's Stainless Steel products resist rusting extending our products long life. The Stainless Steel Gripper is ideal for working in wet, dirty conditions and has a non-glare, two sided silver blade. The Stainless Steel Gripper's metallic components are the toughest out there and fit in perfectly for use next to your wet saw. The blade on the Stainless Steel Gripper has five layers starting with a stainless steel blade and finishing with a tough embossed finish. This tape measure will get you through it all--whether wet or dry, clean or dirty. This is one tough tape.

- Nylon Coated Stainless Steel Blade
- Stainless steel blade, end hook, and inner components
- Dual side printing on non glare silver blade
- Durable rubberized case

Item	Description	Price

A80337	Heavy-Duty Flexible Reusable Duct, 8"x 25' (ea)	\$54.23

ZipWall Pass Through

An efficient way to duct air through a ZipWall barrier for drying and restoration or for setting up negative air.

Resealable opening for passing a duct hose up to 14" in diameter through a ZipWall barrier. Mounts onto any ZipWall pole and supports the weight of any hose while maintaining the integrity of the barrier. A nylon fabric sleeve seals around the hose with a quick cinch. When the hose is removed, the sleeve can be cinched closed to completely seal the opening.

Pole and hose are not included.

Item	Description	Price
2600-0125	Zipwall Pass Through for Duct Hose (ea)	\$107.65

1st Poly Glove Bags

Extended-run glove bags designed to save time while providing a safe and efficient method for removal of asbestos insulation from pipes up to 8" diameter. Ultra clear 6 mil polyethylene sheeting allows easy viewing of the work area. Pressure tested to ensure quality and safety.

1st poly

Results

The On & Gone began to work right away. Here is a picture of the final result.

We have *always* told contractors that mold-removal services are part of the mold removal and remediation system*.

And as a mold remediation specialist, you want to be as efficient as possible at your job site, while still following proper industry standards.

One advantage of the system shown here is it can be done in one day, using of Aramsco's products, through using back-to-back application of mold stain

remover and mold preventive coating.

Another advantage of the system shown here is that it can be applied at lower temperatures as long as you don't have frost on the roof decking.

While not true of many competitive products, this system can save your remediation company labor and return trips, allowing jobs to be **done quickly, and very profitably.** ■

*Note: this article refers to the mold stain-removal process only
